# U.S. and Japan Self-Defense Force kick off exercise Keen Sword

**By U.S. Pacific Fleet Public Affairs 10/13/2018 - PEARL HARBOR, Hawaii** — Units from the U.S. military and Japan Self-Defense Force (JSDF) will conduct exercise Keen Sword beginning Oct. 29.

The biennial exercise is the latest in a series of joint/bilateral field training exercises since 1986 designed to increase combat readiness and interoperability of U.S. forces and the JSDF. Two Royal Canadian Navy ships will participate in the maritime portion of the exercise for the first time.

This year's iteration will feature the Japan Ground Self-Defense Force's (JGSDF) Amphibious Rapid Deployment Brigade (ARDB), which will conduct amphibious landings in the vicinity of Guam and Tinian. U.S. Marines from III

Marine Expeditionary Force will work side-by-side with the ARDB and serve as mentors and evaluators.

Approximately 10,000 U.S. service members from the following units are scheduled to participate in KS19: U.S. Pacific Fleet, U.S. Forces Japan, 7th Fleet, 5th Air Force, 374th Airlift Wing, 18th Wing, 35th Fighter Wing, III Marine Expeditionary Force. The forces will conduct training with their JSDF counterparts from military installations throughout mainland Japan, Okinawa, Guam, Tinian, and their surrounding waters.

Exercises like Keen Sword provide the JSDF and U.S. military opportunities to train together across a variety of mission areas in realistic scenarios, enhancing readiness and interoperability.

## SMWDC Mine Warfare Division certified as Theater Mine Warfare Commander

**Courtesy Story**

Naval Surface and Mine Warfighting Development Center (SMWDC) **10/16/2018 - SAN DIEGO, Calif.** — Commander, U.S. 3rd Fleet recently certified Naval Surface and Mine Warfighting Development Center's Mine Warfare Division as the Theater Mine Warfare Commander.

"Ensuring sea lines of communication remain open is a vital part of the Navy's mission in all of our areas of operation," said Commander, Naval Surface and Mine Warfighting Development Center Rear Adm. Dave Welch.

"The capability that our deployable mine warfare battle staff

provides is an essential element to the Navy's support of the National Defense Strategy and our certification affirms that we are ready to fully provide that capability."

Welch, who also serves as the Navy's Global Mine Warfare Commander, leads the deployable Mine Warfare Battle Staff, now certified to lead complex mine warfare missions in all numbered fleet areas of operation. The Mine Warfare Battle Staff completed final stages of MIWC certification during the Rim of the Pacific (RIMPAC) exercise in the Southern California area of operations earlier in the summer. The biennial certification exercise assesses

the staff's readiness to conduct its global mission. During RIMPAC, Welch served as the RIMPAC MIWC as Commander Task Force (CTF 177).

The MIWC certification exercise brought 26 units and approximately 1,100 personnel representing the United States, Australia, Canada, England, Japan, the Netherlands and New Zealand together under the MIWC. The partner nations conducted advanced mine warfare operations including mine countermeasure operations throughout RIMPAC.

"This is a significant accomplishment for our Mine Warfare

(Courtesy photo)

Battle Staff, and more importantly, our Navy team," said Welch. "The RIMPAC exercise was an ideal event for us to challenge our staff in an environment where we are able to practice our capability to rapidly adapt to a dynamic environment in conjunction with our partner nations."

SMWDC is a subordinate command of Commander, Na-

val Surface Force, U.S. Pacific Fleet and exists to increase the lethality and tactical proficiency of the Surface Force across all domains. SMWDC headquarters is at Naval Base San Diego with four divisions in Virginia and California focused on Sea Combat, Integrated Air and Missile Defense, Amphibious Warfare and Mine Warfare.

# 3rd Marine Division conducts a Combat Assault Battalion deactivation

By Pfc. Dylan Hess

3rd Marine Division

**10/12/2018 - CAMP COURTNEY** — Combat Assault Battalion was activated February 16, 1942 at New River, North Carolina. CAB has been in many locations and went under many names including at 1st Marine Division, Camp Pendleton CA, as the 1st Amphibian Track Battalion before being reassigned to the 3rd Marine Division on March 16, 1965. In July of 1967 CAB was moved to its final location on Camp Schwab, Okinawa.

“The Combat Assault Battalion provided light armor vehicles to provide reconnaissance and amphibious assault vehicles to provide the armored protective capability of a self-deploying amphibious vehicle to the division,” said Lt. Col. Jacob Robinson, the Commanding Officer for the Combat Assault Battalion.

CAB has fought in major conflicts including World War 2, Korea, Vietnam and Iraq. CAB’s mission is to conduct Amphibious Assault, Light Armor Reconnaissance and Combat Engineer operations across the Pacific to support the Marine Air Ground Task Force. connaissance Company, Assault Amphibian Vehicle and Headquarters and Services Company. The deactivation of this historical and unique unit comes with new strategies the Marine Corps is beginning to implement.

“Marine Corps Force 2025 is a strategy the Marine Corps is working towards that provides additional operational capabilities to fight in future combat environments,” said Robinson. “Allocations from the Combat Assault Battalion was relocated to other units as an evolutionary

process. I like to describe it as creative destruction.”

Combat Assault Battalion will be deactivated officially on October 12, 2018. The battalions units will be spread throughout the 3rd Marine Division with a majority of them going to the 4th Marine Regiment.

“I would like to give my thank to those who are currently serving and has served in the Combat Assault Battalion for their support, commitment and their contribution to our nation and to the 3rd Marine Division,” said Robinson.

## By 1st Lieutenant Matthew B Brewer

1st Battalion, 1st Air Defense Artillery Regiment

10/15/2018 - CAMP HANSEN

— Interoperability is at forefront of joint and bilateral partnerships. In an effort to increase contingency readiness; Soldiers, Marines, and Airmen on Okinawa conducted a joint and bilateral Chemical, Biological, Radiological, and Nuclear (CBRN)

combined study entitled "Shisa Fire" on Combat Town, Camp Hansen from Oct. 10 to 11.

The two day CBRN study built upon previously established relationships. Participants from the 1st Battalion, 1st Air Defense Artillery Regiment (1-1 ADA, US Army), 1st Marine Aircraft Wing (1 MAW, USMC), 18th Civil Engineer Squadron (18 CES, US AF), and 15th Nuclear, Biological, Chemical Company

(15th NBC, JGSDF) conducted iterations of reconnaissance, site exploitation, hazard response, and mass casualty scenarios.

Set in a simulated environment, each training iteration was progressive, building upon the actions of the previous rotation. 1st Lt. Matthew Li, the 1-1 ADA CBRN Officer and Shisa Fire Organizer commented "Learning to communicate and integrate with our partners on Okinawa is

key to ensuring effectiveness and efficiency when we are called upon to perform our mission."

In addition to training, the units had the opportunity to share different aspects of their branch and service with one another. Private First Class Kyle Power, CBRN specialist for Alpha Battery 1-1 ADA, said "It's great to come out here and train with our Japanese, Air Force, and Marine counterparts. The energy and

excitement they bring to training is really motivational."

As the dust settled on the last day of training, each participant of Shisa Fire walked away with a deepened knowledge of their role in a tactical environment. Said 1st Lt. Li, "Complacency negates any progress that we've made fostering these relationships. Continuing to conduct these opportunities is paramount to ensuring future success on Okinawa."

# 35th ADA Patriot Master Gunner Course teaches necessary skills to train and certify crews on Patriot Weapons Systems

**By Capt. Marion Jo Nederhoed**

35th Air Defense Artillery Brigade  
 10/14/2018 - OSAN AIR BASE, South Korea — Air Defenders are gaining an overall understanding of how air defense is supposed to flow and how standards and doctrine is applied during a Patriot Master Gunner Course at Osan Airbase, South Korea.

The 35th Air Defense Artillery Brigade is currently hosting the course with students now a third of the way complete. The course is demanding and critical for air defenders worldwide and to the South Korean mission.

Air defenders from the 35th ADA, South Korea; The 94th Army Air and Missile Defense Command (AAMDC), Hawaii; Fort Bragg, North Carolina, Fort Bliss, Texas and 1-1 ADA from Okinawa, Japan are participating in the course from September 11 – November 14.

“This course has definitely made me more knowledgeable on tactics,” said Staff Sgt. Robert Moscatelli from A/2-1 Air Defense Artillery Battalion. “I have a better understanding of everything going on. I will be able to evaluate and provide training to other Soldiers.”

The students have just completed Air Battle Management Level (ABML) Evaluation Process (level five of 16 levels of air battle management). The air defenders also recently completed Training Strategy briefs. The brief is a 12 month brief presented by small groups demonstrating how they will properly train and

prepare their batteries for upcoming deployments.

Students in the course have been preparing for their briefs for four weeks working on them after class in the evening and on the weekends. The briefs require time management and the proper resources to ensure that the plans are flawless.

“I now have a better understanding of the operation,” Sgt. Thomas Manor from C/2-1 ADA said. “I didn’t have a good understanding of the big scale requirements. I now see things from a greater perspective and why things are done certain ways.”

The Training Strategy Briefs helps the air defenders to be able to provide their peers, commanders and Soldiers with a better knowledge base at every level to assist both Soldiers and commanders with their jobs. The brief covers a year-long time frame from rest all the way to

available for the AFROGEN process.

Sgt. 1st Class Gregorio Estrada, the Patriot Master Gunner Instructor from 3-6 ADA located at Fort Sill, Oklahoma said he is excited to see the course come back to the 35th ADA after two years. He was a student in the class in 2016 and has been able to take the knowledge that he learned, use it in the field and now bring it back to other students.

As part of the course the air defenders also conducted a block of instruction on Patriot Missile Reload. On October 4, Delta Battery, 6-52 ADA demonstrated a Patriot Missile Reload for those attending the Patriot Master Gunner Course. As a master gunner part of the training is to learn how to train and evaluate crews and this provided the opportunity to watch the crew team in action and discuss the operations they had just reviewed in class.

## NOTICES

### DBIDS 5.0 - Unescorted passes and contractor badge reissue

A scheduled upgrade to the installation access system has completed and DBIDS 5.0 is now live at Kadena Air Base. For all personnel possessing a DEERS linked form of identification (e.g. Common Access Card) there is no action required; DBIDS will automatically create a database profile the first time your identification is scanned by a hand-held device upon entry to the installation. All previously issued unescorted passes and USFJ 98EJ contractor badges will require registration and reissue of a new secure DBIDS 5.0 hard-card form of identification. To facilitate a smooth transition, these unescorted passes and USFJ 98EJ contractor badges will remain valid for a 90 day period while the Gate 1 Visitor Center conducts the registration and reissue process. All personnel that need reissue are encouraged to visit the Gate 1 Visitor Center at their earliest convenience. On Nov. 16 the installation will no longer accept unescorted passes and USFJ 98EJ contractor badges, and personnel still possessing these passes will be denied access and directed to the Gate 1 Visitor Center for registration and reissue.

### TRICARE Prime and TRICARE Select plan information for calendar year 2018

The following changes or improvements to your TRICARE benefits apply for calendar year 2018: TRICARE Select will replace TRICARE Standard and TRICARE Extra on Jan. 1, 2018. TRICARE Select brings together the features of TRICARE Standard and TRICARE Extra in a single plan. Enrollees who obtain services from TRICARE network providers will pay lower cost sharing amounts for network care.

All current TRICARE beneficiaries will be automatically enrolled in their respective plan on Jan. 1, 2018. TRICARE Prime plan enrollees will remain in their TRICARE Prime plan. TRICARE Standard and Extra beneficiaries will be enrolled in a TRICARE Select plan. Beneficiaries can choose to enroll in or change their TRICARE Prime or TRICARE Select coverage during an annual open enrollment period in November-December, 2018 for coverage beginning on Jan. 1, 2019. For calendar year 2019, failure to enroll in TRICARE Prime or TRICARE Select results in the termination of coverage for civilian care. These beneficiaries who choose to not enroll may only receive care at a military clinic or hospital on a space available basis. However, some exceptions still apply for more information contact TRICARE at 630-4310 Mon. - Fri. 7:30 a.m. - 4:30 p.m.

### INFORMATION 18th Wing Equal Opportunity

Do you face concerns of unlawful discrimination or sexual harassment? If so, Kadena Air Base leadership maintains a strict "zero-tolerance" policy pertaining to discriminatory behavior. If you feel you are being unlawfully discriminated against, to include sexual harassment, take action. We encourage members to use the chain of command first to resolve issues at the lowest level. However, you

can also contact the EO office at 634-2571 to set up an appointment; or you may visit our office. Please note that the EO office will not accept a Formal Complaint more than 60 calendar days for military and 45 calendar days for civilian complaints after the alleged offense occurred without sufficient justification.

### How to File a Complaint with IG

If you believe you are unable to resolve your complaint through supervisory channels, you may seek IG assistance to determine if the complaint should be filed with the IG. You can file a complaint if you reasonably believe inappropriate conduct has occurred or a violation of law, policy, procedures, or regulation has been committed. Complete the personnel data information on an AF Form 102 and briefly outline the facts and relevant information related to the issue or complaint. List the allegations of wrongdoing briefly, in general terms and provide supporting narrative detail and documents later, when interviewed by an IG person. Allegations should be written as bullets and should answer who committed the violation; what violation was committed; what law, regulation, procedures, or policy was violated; when did the violation occur. Help is available: Call your Kadena IG office at 634-7622 for Maj. Sarabia or 634-1109 for SMSgt. Southern, or leave a message on the Kadena Fraud Waste & Abuse (FWA) Hotline at 634-0404.

## The Largest Sumo Exhibition Ever!

As Okinawa readies to welcome another Grand Sumo Tournament in December, Aeon Rycom Okinawa is hosting a great Sumo exhibition, the largest ever held in Okinawa, for Sumo fans and for those not so familiar with this popular sport. Sumo is known as Japan's national sport and with its deep-rooted history and traditions, it has a special spot in the hearts of the people in the country.

The rules in a Sumo match are quite simple: if a Rikishi (wrestler) is forced out from the Dohyo (the ring), or if any part of the Rikishi's body, other than the soles of the feet touch the Dohyo, then they lose the match.

Sumo is exciting to watch, as the huge Rikishi, clad only in a Mawashi (loincloth) with their hair in a Chonmage, engage in a very high contact match. The history and technicalities are very interesting, and the more you learn, the more you'll enjoy this ancient sport.

The "Oh! Sumo Exhibition" at Aeon Mall Okinawa Rycom will have four sections for the visitors to thoroughly enjoy learning about Sumo and its attractions. There will be an area to learn about the matches and the technical winnings, a Sumo art section which includes the displays of Yukata (kimono) and Mawashi that the Rikishi wear, a fun Sumo trivia section, and a replicated Dohyo where visitors can experience wrestling with a life-sized Rikishi through VR (virtual reality)!

Visitors can also enjoy taking photos by the 'trompe-l'œil' or trick art displayed there, and there will be hard-to-get official Sumo goods available for purchase. It's also nice to know that there will be English-speaking staff to assist visitors.

Challenge a Rikishi in a VR Sumo match!

The exhibition is a great opportunity to learn about Sumo and its culture from not just the Dohyo and tournaments, but from various angles. From behind-the-scenes episodes surrounding this world of competition and art, to the lives of the Rikishi living and training in their stables, the exhibition will open doors for you to really understand Sumo.

**Exhibition Dates:** From October 20 (Sat) to November 4 (Sun)  
**Venue:** Aeon Hall on the 3rd Floor of Aeon Mall Okinawa Rycom  
**Hours:** 11:00 to 20:00 (Last entry @ 19:30)
